This was a year of many changes. Some happy, some sad.

We went to China in June for a three week adventure.

This is Chris and Piper, April 2015. Piper is nine.

18 years after performing with the Mud Bay Jugglers Tom returned to the stage for the 35 year anniversary show in Olympia. Daryl worked one of the cameras, and recorded video from the audience. Tom worked the other camera and juggled his cameo appearance of a cameraman who somehow ends up in the show. The clip of his improv is here: <http://tomgorski.com/2015>

One of our favorite things is to have potlucks. One night 18 friends showed up. We are very blessed to have so many wonderful fun-loving friends.

Albany Oregon sponsored summer concert in the park with friends.

In October we visited NYC for Tom's cousin Richard's funeral. Tom and Richard were very close and very important to each other.

Richard will be dearly missed.

Dean, Tom and Todd stopped along the roadside memorial for Ray Myers. Ray Tom and others, deeply affected loved him. Ray unique people more friends than have possibly

was very close to and his passing everyone who was on of those who had many anyone could imagined.

Here we are on Victoria Peak, with a view of the Hong Kong skyline behind us.

Daryl taught a class on Public Health at the Guangxi Medical University in Nanning, China.

p.s.; The students in China are just like the students in the US.

Wishing You
Joy!
Good Health & Abundance This Year

Love and Blessings from Daryl and Tom
